Report of the Head Physician in a Leading New York Hospital on the Cure of Catarrh.

"A few years ago we considered that we were doing well if we cured ten per cent. of the cases of catarrh brought to us, but since the introduction of 'Bloodine' into our hospital we cure more than 90 per cent. of all the cases of Catarrh in its various forms brought to us. Catarrh of the Head, Catarrh of the Eyes, Catarrh of the Bladder and Urethra, Catarrh of the large intestines, Catarrh of the Larynx, Pelvic Catarrh, Catarrh of the Throat, and Catarrh of the Stomach are quickly cured with 'Bloodine.' It builds new tissues, gives new energy, new life, new blood and strength to any part of the body attacked by the Catarrhal germs."

Bloodine is a powerful tonic, nourishing food medicine, composed of valuable tonic stimulants obtained from vegetable drugs. "Bloodine" contains no narcotics or other dangerous drugs which merely deaden pain temporarily, but give no permanent relief or cure the cause of your disease. McCreary Inaugurated for Second Time.

James B. McCreary of Madison county, was Tuesday inaugurated Governor of Kentucky for the second time in his career, the interval between the two inaugurations being thirty-six years. The oath of office was administered to Gov. McCreary in the rotunda of the new Capitol building on the second floor by Judge J. P. Hobson of the Court of Appeals.

Fully four thousand people packed the rotunda of the building to witness the ceremonies. On the outside of the building stood thousands of people in a pitiless rain which had continued throughout the day, causing the arrangements committee at the late hour to change the place of conducting the ceremonies from the steps of the Capitol building to the interior.

Immediately after the oath of office was administered to Mr. McCreary, making him Governor of Kentucky, the oath was administered to Edward J. McDermott, of Louisville, making him Lieutenant Governor.

The rain cut down the parade to a few hundred instead of three thousand that were expected to be in line, and those who marched were drenched with the cold December rain.

Despite the heavy fall of rain the parade escorted Mr. McCreary from the Governor's mansion in North Frankfort to the new capitol in South Frankfort.

The guard of honor that walked on each side of the Governor's carriage was composed of the twelve surviving members of the McCreary Guards, a military company that was formed in 1877 in Frankfort when Mr. McCreary was Governor the first time. They wore no uniforms but had on large badges.

A few minutes after the noon hour the oath of office was administered to Gov. McCreary by Chief Justice J. P. Hobson of the Court of Appeals.

Mr. McCreary delivered his inaugural address following the retiring Governor who made a short farewell address.

The Governor's party was then escorted to the State reception room in the Capitol, where a reception was held for two hours.

The inaugural ball was held Tuesday night at the Capitol Hotel, and was the closing event of the day for the inauguration of Kentucky's new Governor.

House Passes Cantrill Bill.

The Cantrill tobacco bill, directing the director of the Census semi-annually to make public the amount of tobacco in the hands of manufacturers, was passed by the House Friday. It now goes to the Senate which will also probably act favorably on the measure.

The bill authorizes and directs the Director of the Census to collect and publish, in addition to the tobacco reports now being made by him, statistics of the quantity of leaf tobacco in all forms, except manufactured tobacco, in the possession of all persons who are dealers or manufacturers, other than the original growers of tobacco. This data is to be furnished the Director on October 1 and April 1 of each year.

The Director is not required to collect statistics of leaf tobacco from any manufacturer who in the preceding calendar year manufactured less than 50,000 pounds of tobacco, or from any manufacturer of cigars who manufactured less than 250,000 cigars, or from any manufacturer of cigarettes who during the preceding calendar year manufactured less than 1,000,000 cigarettes, or from any dealer of tobacco who, on the average, had less than 50,000 pounds in stock at the end of the four quarters of the preceding calendar year. All manufacturers who have manufactured more than the above shall make written reports of the amount held by them.

The Director shall specify the types of tobacco to be included in the reports.

All persons or corporations under the act must make reports within ten days after October 1 and April 1 under penalty of from \$300 to \$1,000 fine or imprisonment of six months. False reports may be punished by imprisonment for six months. The first report will come out next October.

STOCK, CROP AND FARM NOTES

—CARLISLE COURT.—The Advocate reports the Carlisle court as follows: "Monday was regular county court day, and the fact that the market was totally bare of stock, nothing at all was done along this line. There was a larger crowd in town than was anticipated, as it was supposed tobacco would be in case and all farmers would be busy, but those here stated that it was hardly in case. The continued rain throughout Monday night will bring tobacco in case and all hands will be put to work in stripping it out."

R. H. Winn Receives Appointment.

Gov. Willson Monday night announced the appointment of Judge Robert H. Winn, of Mt. Sterling, as Appellate Judge to fill the vacancy caused by the resignation of Judge Edward O'Rear. Mr. Winn has been a successful lawyer in Mt. Sterling for a number of years, though he is still a young man. He is a son of the late William H. Winn, who was County Judge of Montgomery county for many years.
